

Welcome to Our Local Community Website, Brought to you by a Local, For Locals.

Belmontcircle.co.uk was the result of several conversations with local residents and local businesses. There were strong opinions about what we could do to make the area better, bring it back to life and drive more locals to buy locally. Going Local and Going green!.

As this site grows, it will develop into a tool for local people to use to express their opinions, share services, and help build the local community.
